Star Wars Visual Dictionaries Star Wars: The Force Awakens: The Visual Dictionary is a visual dictionary reference title for the film Star Wars: Episode VII The Force Awakens by DK Publishing. Written by Pablo Hidalgo, the book was released on December 18, 2015, the same day as the film. Publisher's summary[] The definitive guide to the characters, droids, aliens, and creatures of Star Wars: The Force Awakens™. Beautiful photography and clear, authoritative text by Lucasfilm insider Pablo Hidalgo names and explains all the details of costumes, weapons, and accessories. Includes three exclusive, specially commissioned cutaway models produced by Industrial Light & Magic model maker John Goodson. Continuity[] Poe Dameron's title of Black Leader is said to derive not from an eponymous squadron, but from the name of his personal X-wing, Black One. However, later media would establish that he indeed flew as the leader of Black Squadron. Notes and references[] External links[] Want more? Advanced embedding details, examples, and help! Submitted by Teoh Yi Chie on December 22, 2015 - 12:24pm I love these picture books, aka visual dictionary or encyclopedia. They give the film much more depth. Publisher DK is great at putting out such books and this one is no exception. Star Wars: The Force Awakens Visual Dictionary is a 80-page hardcover book that covers the characters, set and props. While vehicles and spaceships are also included, you'll see them in more detail and huge in the other book Star Wars: The Force Awakens Incredible Cross-Sections. The pictures are laid out like infographics. Each main subject has lots of labels and descriptions attached. Main characters are all in like Rey, Finn, BB-8, Poe, Kylo Ren, Stormtroopers, Flametroopers, Han Solo, Chewbacca, and many more. The noticeably missing ones would be (Oops, spoilers!) Luke Skywalker and Supreme Leader Snoke. If they are in the movie, I don't know why they aren't in the book, not even a mere mention or small coverage, since there's no mystery behind them anymore for fans who have watched the film. But overall, it's a fantastic book. It's so detailed. Such as for Kylo Ren, it also includes the interrogation chair, interrogation tools, vader's mask, Kylo Ren's helmet, and a close up cross-section of Kylo's lightsaber. I've always thought the lightsabers were powered by lithium batteries? Kidding. But it does show all the mechanism that make the lightsaber work. If you're a fan of Rey, then you'll probably enjoy peeking into her bag and check out her survival gear. There's also Finn as well as his other persona Fn-2187. All the other crew like Resistance, pilots, Finalizer crew and other alien lifeforms are also provided with lots of interesting bits of information. It's really worth the money for a book with so much details. Star Wars: The Force Awakens Visual Dictionary is available at Amazon (US | CA | UK | DE | FR | IT | ES | JP | CN) and Book Depository Visit Amazon to check out more reviews.
